TRADE SUMMARY

U.S. SEED EXPORTS TOTAL \$170 MILLION

Exports of U.S. seeds for planting totaled \$169.9 million during July-December 1985, up 7 percent from year earlier levels. Vegetable seed exports, at \$66.4 million, declined 1 percent below July-December 1984. Corn seed exports for the 6 months totaled 11,344 metric tons valued at \$37.2 million, a 141 percent increase in value. The value of grain sorghum seed exports increased 3 percent to \$12.6 million. Forage seed exports dropped 15 percent in value to \$29.9 million. Soybean seed shipments decreased 28 percent in value to \$2.9 million.

France moved ahead of Mexico as the largest market for U.S. seeds for planting during the period, increasing 290 percent with shipments totaling \$27 million. Exports to Mexico slipped 10 percent to \$25.3 million. Shipments to Italy almost doubled, totaling \$21 million for the 6 month period. Exports to Japan continued to slow, totaling \$16.2 million, 22 percent under a year earlier.

Movement of U.S. seeds to the European Community increased 87 percent to \$66.7 million. Corn seeds were the largest item exported to the EC with shipments increasing sevenfold to \$32.1 million. France accounted for over \$22 million of this amount. The next largest category was vegetable seeds, with sales of \$19.8 million, up 35 percent from July-December 1984. Forage seed exports to the European Community dropped 20 percent to \$5.7 million in that time period.

Forage and turf seed exports declined 15 percent to \$29.9 million in value and were down 38 percent in volume at 19,472 metric tons. Japan and Mexico were the largest markets for U.S. forage and turf seeds. Shipments to Japan totaled 3,955 tons, down 14 percent, and shipments to Mexico declined 5 percent to 3,407 tons. Shipments to Saudi Arabia decreased 72 percent to 2,449 tons, while the Canadian market was down 25 percent at 1,848 tons. Uncertified alfalfa seed exports were down 46 percent at 746 tons, while certified alfalfa shipments declined 9 percent to 3,456 tons. Mexico and Saudi Arabia were the largest alfalfa seed markets. Bentgrass and Kentucky bluegrass seed exports were slow, decreasing 24 percent and 49 percent in volume to 819 tons and 934 tons, respectively, for the first half of the marketing year. Clover seed exports were very active, increasing 60 percent to 1,847 tons valued at \$3.5 million. Fescue seed exports dropped 39 percent to 1,592 tons. Shipments of fescue seed to Japan totaled 573 tons, 36 percent of total shipments. Ryegrass exports declined 30 percent to 4,509 tons valued at \$3.2 million. Timothy seed exports declined 20 percent to 951 tons, valued at \$920,000. Other grasses declined 62 percent in volume to 4,055 tons valued at \$5.9 million. Excurrence 3 1 1000

Vegetable seed exports declined by 6 percent to 22,275 tons for the first half, but decreased only 1 percent in value to \$66.4 million. Exports to Mexico totaled \$13.6 million, 20 percent of all vegetable seed exports. Other major markets for vegetable seeds included Japan with \$7.6 million, Italy with \$7.5 million, the Netherlands with \$5.6 million, and Iraq with \$4.9 million. Exports to the EC increased 35 percent in value to \$19.8 million. The major vegetable seeds exported were bean, tomato, sweet corn, watermelon, and pea seeds with \$7.1 million, \$5.8 million, \$4.8 million, \$4.5 million, and \$4.4 million, respectively.

Flower seed exports also showed a decline for the first half of the 1985/86 marketing year, totaling \$4.5 million, 17 percent below a year ago. Shipments to the EC declined 11 percent, but made up 63 percent of total flower seed exports.

Corn seed exports (except sweet) made a tremendous advance, totaling 11,344 tons valued at \$37.2 million. Value was up 141 percent from last year's levels. Shipments to Italy totaled 4,465 tons, valued at \$9.7 million. Shipments to France totaled 4,194 tons valued at \$22.4 million. In all, the EC accounted for 83 percent of corn seed exports. Other major markets were Spain with 771 tons and Japan with 603 tons.

Grain sorghum shipments were active this first half, totaling 26,024 tons, up 102 percent, and valued at \$12.6 million, an increase of only 3 percent. Venezuela was the largest market, with shipments of 15,768 tons, compared with 4,764 tons a year earlier. Exports to Mexico totaled 5,302 tons, an increase of 41 percent over last year.

Soybean seed exports declined by 19 percent, to 9,158 tons. Value was \$2.9 million. Mexico was the biggest customer, with 5,851 tons, followed by Italy, with 1,872 tons.

Shipments of seeds not specifically identified as to kind totaled 35,533 tons valued at \$15.9 million. Saudi Arabia was the largest customer with 9,226 tons. Other important markets during the first half were the Netherlands, Canada, the United Kingdom, and Belgium-Luxembourg, with 5,703 tons, 3,962 tons, 3,547 tons, and 3,484 tons, respectively.

Do you need information about

- Overseas markets and buying trends?
- New competitors and products?
- · Trade policy developments?
- Overseas promotional activities?

Then Foreign Agriculture — USDA's fact-filled monthly agricultural trade magazine — is for you. Based on official USDA data available nowhere else, Foreign Agriculture articles are clear and crisp, written to provide the export information you need, in a concise and extremely readable form.

Special information is found in **Foreign Agriculture's** telegraphed, targeted news departments: Fact File, Country Briefs, Trade Updates and Marketing News. And its tables and graphs will give you an immediate grasp of what's going on overseas.

In addition, periodic special issues—such as the one devoted entirely to value-added exports—will give you a wide range of detailed information about overseas markets.

If you use agricultural facts and figures in your business, you need Foreign Agriculture.

Subscribe today! Just \$16.00 (\$20.00 for foreign delivery) brings you Foreign Agriculture for 12 full months.

FAS Circulars: Market Information For Agricultural Exporters

As an agricultural exporter, you need timely, reliable information on changing consumer preferences, needs of foreign buyers, and the supply and demand situation in countries around the world.

The Foreign Agricultural Service can provide that information in its commodity circulars.

World agricultural information and updates on special FAS export services for the food and agricultural trade all are available in these periodic circulars.

For a sample copy of these reports—which can supply you with the information you need to make sound business decisions—check the box indicated, fill out the address form and mail it today.

To subscribe: Indicate which publications you want. Send a check for the total amount payable to the Foreign Agricultural Service. Only checks on U.S. banks, cashier's checks, or international money orders will be accepted. NO REFUNDS CAN BE MADE. Mail this form to: Foreign Agricultural Service
